CONSUMPTION CURED!

DR. JACOB TOWNSEND'S SARSAPARILLA

HOPE FOR ALL — EVER HOPE

A. SCOVILL & CO.

CANCHALAGUA;

AND THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be viz. A remedy for the complete cure of all those affections of the Throat and Lungs which, if neglected always end in CONSUMPTION. It is not a worthless catch penny article, made just to sell on a name of the common nostrums of the day but a strictly scientific Preparation—the original recipe having been furnished by an eminent Physician (the late Prof Rogers) and that still further improved by one of the present proprietors who is himself a regularly educated Physician a graduate of the University of Pennsylvania It is composed of the choicest articles in the vegetable kingdom most of them of long tried value and each with a reputation and some of them entirely new particularly the CANCHALAGUA a plant of great medicinal virtues lately introduced into this country from California. The Recipe has been shown to thousands of Physicians who have unitedly approved of it, and will be shown to any Physician who desires to see it upon application at the Proprietors or their Agents It has been used in multitudes of cases and is strongly recommended by Physicians even Professors in our Medical Colleges Ministers of the Gospel Judges, Lawyers Merchants Mechanics &c —a conclusive proof that there is no quackery or deception about it but that it is a medicine of most uncommon virtue and efficacy

PAMPHLETS

As no ordinary sized advertisement can begin to do justice to the merits of this article the proprietors have published a pamphlet form the history of the Medicine—the description nature, &c of the original ingredients—the effect they are designed to have upon the human system—and above all the incredible amount of good which it has done They have in very late dates this pamphlet extensively distributed and should any one be overlooked they are earnestly desired to call upon the Agents named below and procure one gratis The hints on page 3 may be worth to yourself or family THOUSANDS OF DOLLARS and it will introduce you to testimony to its favor, which is perfectly conclusive in its virtues we are willing to make it the Medicine in every recent case that it is recommended to, to the directions and where the patient has not faith that it is not deriving benefit from it by returning the bottle within 21 hours a trial the money will be refunded

See page 3d of the Pamphlet

Another Life Saved.

Read the following letter from a Clergyman of Camden, Me to the Editor of the GOSPEL BANNER —

DOWN'S ELIXIR,—A CURE.

DR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring I received very great benefit from the use of N H DOWN'S ELIXIR

I had been troubled some weeks with a severe cold which so affected the vocal organs, that I was with great difficulty I discharged the duties of my office My cold continued until I was completely prostrated by bleeding, which treated A dry hard cough My appetite failed, my strength wasted, and my flesh disappeared Seeing Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, using a large amount of opiates necessary and as to contracting the very disease that should be relieved I used other kinds of patent medicines, but with no good effect seven weeks I can indeed gradually to sink under my disease at the expiration of which time, I was extreme ly weak, my skin dry and husky, and my feet and hands cold most of the time. I had a dull, heavy pain between my shoulders, and a distressing pain at the pit of my stomach My tongue was coated with a thick, white fur, bowels very irregular and costive, became fever, night sweats, dry, hard cough, difficulty of breathing, and low spirits My stomach at this time was so sore and weak, that it was with difficulty I could stand erect. This was my situation when I commenced the use of N H DOWN'S ELIXIR — And to my great joy, and the greater joy of my friends, I found within a day or two of the use of a few days had regulated my bowels, equalized the circulation and produced a healthy moisture upon the skin I used three bottles in two weeks which entirely removed the soreness and weakness from my stomach, gave me a good appetite, and greatly improved my strength I continued to use the medicine for a few weeks, using six bottles, which enabled me to resume my ministerial labors I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed

I have given it to my children in colds, and in a case of measles, and it has proved just as it is recommended to be

I therefore cheerfully recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended Yours truly, J L TOWLE

Camden, August, 1849

Facts deduced from the foregoing letter

1st Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty

2d It is perspirant It equalizes the circulation—restores a healthy moisture to the skin, and vigor and tone to the system

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system

4th It cures colds—is an effectual remedy for the measles, and proves 'ALL IT IS RECOMMENDED TO BE'

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE, G W LADD, CURTIS & PERKINS A P GUILD, WM MANN, G McFARLAND Bangor, L S Smith J W Curtis & Co, Hampden, Chas Johnson, J B Chick, Frankfort, H P. FRIDAY, FEBRUARY 8, 1850.

Adjourned Railroad Meeting.

The adjourned Railroad Meeting held in this city on Wednesday afternoon and evening was one of deep and absorbing interest, clearly proving that the people interested in the matter are waking up to its importance, not merely as essentially necessary for the better development of the resources of this portion of the State, but also part of a great system of enterprizes which shall result in placing Maine on the high road to prosperity.

There were eminent counsellers from abroad who gave unusual interest to the occasion and threw a flood of light upon the subject. Among these were Judge Preble, F. O. J. Smith, and John A. Poor, Esq., of Portland, Mr. Lang, of Vassalboro and others.

Letters from several gentlemen in different parts of the State were read, all essentially agreeing in the great importance to Maine and particularly to Bangor of the opening of the railroad to Bangor.

On the opening of the meeting Judge Preble of Portland was called upon and addressed the meeting, giving a multitude of reliable facts touching the history and effects of railroads.—It was a massive and conclusive argument in favor of this system of internal improvements, and was applied skillfully to the project under consideration.

Mr. Lang of Vassalboro, one of the Directors of the Augusta and Portland road was called upon and gave assurances of the most kindly feeling on the part of the road in which he was interested, to this enterprise. He spoke, in answer to Judge Preble who had introduced the subject of the broad gauge, in favor of the narrow guage. His remarks were listened to with much attention.

Hon. F. O. J. Smith deeply interested the meeting with his views of the advantages of railroads, and particularly with his able argument in favor of Maine setting out for a general system of railroads, internal improvements and banking as adapted to her wants.

His argument in favor of Free Banking so favorably commended itself to his hearers that he by request repeated the substance of it in the evening. Maine will get out of leading strings by and by, if the feelings of our people are any indications of future action.

John A. Poor, Esq., of Portland, with his usual intelligence and zeal in the subject of railroad improvements, addressed the meeting in a happy and convincing manner.

Remarks were also made by A. G. Jewett, Esq.

We are necessarily cut short for space today in speaking of this meeting on account of our long telegraphic despatch. To-morrow we shall be able to give the official account of the meeting.

A Robber taken. On Thursday night last, the store of Messrs. Tracy & Lancey was broken open, and a quantity of goods taken. Constable Walker was informed of the fact, and set his machinery at work, and with the aid of Col. Andrew Freese and Constable Snow, succeeded in securing the robber, and finding the goods, a part of them on his person. His name is George W. Hall, an Englishman, who has been in the city twelve days. He was examined before the Police Court, and now awaits his trial at the next term of the District Court.

The Treasury. The amount of deposites to the credit of the U. S. Treasurer, in the various depositories, on the 28th of January, was 6,990,573 dollars—the amount subject to draft being 6,308,089 dollars. The amount in the Assistant Treasurer's strong box at the Custom House in Boston was 1,029,726 dollars; at New York, 2,598,551 dollars; and at Philadelphia, 1,026,952 dollars.

Outrage on a Printing Office. The editor of the Brandon (Vt) Whig apologizes for the meagre appearance of his paper this week, by stating that some miscreants broke into his office on Saturday night, and poured upon the floor nearly 200 pounds of type, principally set for his next paper, many of the type being broken and ruined.

Mechanics Wanted West. The Batesville (Ark) Eagle says that place stands in need of a tin and coppersmith, saddle and harness maker, house, sign and ornamental painter, silversmith and chairmaker. There is also a demand for more bricklayers, stone masons, carpenters, shoemakers, blacksmiths, house carners and a barber.

☞ Bugbee has received and sent us No. 9 of Philips, Sampson & Company's large and beautiful edition of Shakspeare's Dramatic Works, with introductory remarks and notes. This number contains "Love's Labor Lost," and is accompanied by a fine engraving of the Princess of France.

A Rouser. Mr. M. E. Rice, the market man of Stall No. 2 in Kenduskeag Market, has a noble specimen of the Grunter family, weighing eight hundred and ninety pounds, of fair complexion and fine proportions, which he will, by the by, cut up for the gratification of his numerous customers.

☞ We learn that some of the philanthropic teachers in Danvers and Salem, have opened a free evening school for adults in Danvers, and that great interest is felt on the part of the pupils, and great good confidently anticipated to result from the enterprise.

Mormon Gold Coins. The Philadelphia Ledger says:

"Last week, Clark & Co., of this city, deposited at the Mint, for re-coining, what purported to be $10 in Mormon double eagles, each piece stamped as worth $20. After melting, the aggregate value was found to be $2,533 [illegible], or about $7 224 each piece. The fineness was found to be 897 thousandths—silver parting 98 thousandths. The public will have to be on the look out for this coin; for, if this assay at the Mint be a fair test of the value of the whole at the Great Salt Lake manufacture of coin, as we presume it is, the Mormons seem to know what they are about, and to be determined to make the most of their gold coins."

To the Editor of the Whig and Courier:

Dear Sir.—Permit on old sailor to occupy a small space in your valuable journal.

The abolition of the daily use of ardent spirits and the lash from the public service of the United States merit the approbation of good and great men in all parts of the Union. It is a cause which deserves an able advocate. As no person appeared to take any real interest in bringing the subject before the people, I supposed that the American Seamens Friend Society would of course be glad to do so. Accordingly I wrote repeatedly and waited personally on the Secretary of that body. Rev John Spaulding of the city of New York. His answer was, that their Society had no right to interfere with the discipline in the Navy, nor would they correspondence with me on the subject. To the contrary he himself has opposed me by every means in his power, by misrepresenting me to different persons, by letters, and other unfair means, not open and honorable but writing a series of confidential letters against me, which I have in my possession and which will be given to the public in a short time. I persevered under many disadvantages, particularly my want of education, family connexion or influential acquaintance, however the people listened to me, and I have reason to suppose from facts laid before the community that many of the officers at present pause before they bare, brutalize, excoriate and mangle the backs of the rosy checked fair haired sons of New England by flogging. That many a man has been saved from this torture.—During the last twenty months I am sure. I have worked day and night principally at my own expense, having the greatest part of the time four other men connected with me, the payment of whom has rested on my shoulders.

I have purchased and paid for over 60,000 newspapers of all kinds and directed them with my own hands besides attending to my correspondence which is enough for one man in addition to writing my own advertisements and arranging for public meetings, waiting on the speakers, supplying facts, data, statistics, &c. Also attending on the circulation of my memorials, and forwarding them to the proper persons in Washington. Now what do I gain by all this labor, the expenditure of my little property, the loss of all my time, a number of enemies, and a broken down constitution.

This is the payment I receive. While men who have done comparatively nothing for seamen receive large salaries and live at their ease. However I should never have found fault with them if they had let me alone. My friend Lawrence Gillooly is now in your State, where I cannot but hope he will be supported. He has an other and a helpless brother and sister depending on him for a living, he is doing what ought to have been done years ago, and when the scourge lash is abolished the only wonder will be why it was not done long ago. From the perusal of one copy of your paper, I infer it to be ably conducted and that the editor is a liberal minded man. Then sir permit me to ask what can be done for sailors while they are made drunkards by the daily use of ardent spirits and when once drunk, sure to be flogged.—raise them to the capacity of men, then do as much as you please afterwards. Only think of a free born American citizen to be stripped and flogged on board of the ship on which he is a member for the defence of this country. The seaman is sworn to defend his country, and that country flogs him for some trifling or imaginary offence. While defending the stars the sailor receives the stripes. My experience has shown me that flogging never made the man better.

Your son or my son may be there; then what would our feelings be to know he was flogged. Is it a power to be intrusted to one man. Then sir I hope your citizens will lend some pecuniary aid to this cause. We have no society at our back, no collections in churches have been taken up for us, no systematic efforts to obtain funds for our support. We want clothes and something to eat, money to buy paper and pay postage We are in hope this matter may be accomplished this session of Congress, if so I can assure your readers I have had sufficient of reforms. I have found those who have gained the most by the labor of sailors to think the least of them or their interests. The great majority of the native born sailors in the navy are from the New England States, therefore I hope the New England people will do something handsome for the cause

I should have visited Maine, but for my health which is much impaired at present.

Very respectfully,

WATSON G. HAYNES.

New York, Feb. 5th, 11 A. M.

The boy in whose sufferings and noble endurance so wide a sympathy has been expressed, was at lats extricated this morning at half past 4 o'clock, without any manifest material injury. The many who have admired the cherful fortitude with which he bore up against the horrors of his situation for 20 hours, will be pained to learn that he is dead; he died from no apparent cause but exhaustion, notwithstanding the efforts made to sustain him and restorn his strength.

When I left the place at half past ten this forenoon, the removal of dead bodies from the ruins was proceding rapidly. Six or seven were discovered in the course of two or three hours.

The Public Lands.—From the report of the Commissioner of the General Land Office, it appears that during the past year, upwards of six millions of acres of land were advertised for sale, and more than six and a half millions were prepared for market, a great part of which will be proclaimed during the ensuing year. The report shows that the quantity of land disposed of in 1847, by warrants equivalent to cash, amounts to $3,596,254 08, and in 1848 to $5,182,614 26. In the first three months of 1848, it amounted to $3,937,190 30, and in the first three months of 1849, it amounted to $4-297 787 26, showing that the increase of population.—N. Y. Farmer and Mechanic.

In the House, Mr Root's resolution, to instruct the committee on territories to report a bill prohibiting slavery in the new territories, was laid on the table, by 105 yeas to 79 nays,—many northern Whigs voting in the affirmative.

☞ Benjamin Wade, jun. was yesterday convicted, for storebreaking, before the District Court.

Arrival of the Empire City!!

Over Two Millions of Gold!

Election of Senators.

Great Fire at San Francisco!

Disturbance at the Mines—Several Americans killed!!

New York, Feb 7th 1850.

The Empire City arrived here at midnight with two million one hundred thousand dollars in specie, with 275 passengers, among the passengers were Messrs Wainright and Gilbert, Representatives from California, Hon T Butler King, Samuel Ward, Esq, Ex-Collector of the port of San Francisco, A A Buffum, Esq, Wm Kidder, Esq, bearer of despatches from the U. S. Boundary Commissioners to the Secretary of State, Surgeon A. Q. Borvie, U. S. Navy, Lieut Norris, bearer of despatches from Com. Jones and F W Rice, Esq, one of the editors and proprietors of the Pacific Courier.

The steamer Oregon, Capt Pearson arrived at Panama on Jan 20th with 298 passengers, 90 in cabin and 208 in steerage having left San Francisco Jan 15th. She brought down the Hon J C Fremont and Hon Wm. W. Gwinn, Senators elect from California.

Col Fremont was detained at San Francisco by the illness of his wife.

Doct Gwinn took passage in the Falcon for N. Orleans at Acapulco.

The Oregon stopped for coal Jan. 12th. During her stay there an altercation took place between Capt Pearson and one of his passengers an old whaling Captain. A scuffle ensued and in the melee the Mexican guard of 12 soldiers armed with their muskets and bayonets were ordered to disperse the mob collected by the row, on doing this Capt P. received a severe blow from a bayonet over the left eye.

Wm L. Hobson of the firm of Croix, Hobson & Co, San Francisco, received a thrust from a bayonet which grazed his side and pierced his jacket. Several gentlemen were knocked down by the soldiers and one was cruelly beated on the head with a musket till the blood covered his cheeks and coat.

The Americans were unarmed, having left their weapons on board. Had this not been the case a general massacre must have ensued. As it was, propositions were made to return for pistols and attempt the conquest of the town. The guards however, were withdrawn, and order reigned again in Acapulco.

In this affair no blame can be attached to Capt. P. as he merely defended himself. The justification of the Mexican captain in command of the guard for their interferance was that it was done for the purpose of rescuing the Captain of the steamer from violence. The guard unfortunately mistook him in the fracas for the assailant.

The Oregon brought $1,129,227 in gold dust in freight to Panama, and the trunks of her passengers must have contained another million dollars of gold. Several steerage passengers were known to have in their possession one hundred thousand dollars; and sums of 2, 5, 10, 20, and 50,000 dollars lined the trunks of others.

The steamer Chesapeake arrived at Panama on the 18th Jan., and was expected to leave in a few days for San Francisco.

There were several vessels at Panama on the 20th ult. waiting for passengers for California; among them the ship Brutus, Change, Edward Everett, and Levant, and bark Jno. Gardiner, Lofer, and St. Mary. Lying off the port of Chagres on the morning of the 26th were ocean steamer Alabama, Falcon, Cherokee, Severn and Empire City.

The Alabama sailed for New Orleans with about 200 passengers.

The Legislature met at San Jose, Dec. 15th, but no quorum being present, adjourned to the 17th, when E. N Chamberlain, of San Diego, was chosen President pro tem of the Senate; T. J. White of Sacramento, Speaker of Assembly.

George Burnett then took the oath of office, and delivered his inaugural address.

At 5 o'clock P. M. proceeded to elect United States Senator. On the 1st ballot, J. C. Fremont had 29, Wm. McGwinn 22, H Wager Hallock 14, T Butler King 10, Thos J Hinley 9, J W Geary 5, Robert Semple 3, whereupon J C Fremont was declared duly elected. 2d ballot, Wm McGwinn 22, H W Hallock 14, T J Henley 7, T B King 2, R Semple 1; no choice on 2d ballot. 3d ballot, Wm McGuinn 24, H W Hallock 18, T J Henley 3, T B King 1, J W Geary 1, whereupon Wm McGuinn was declared elected.

An appalling and destructive fire occurred on the 24th of Dec., which threatened for a time, to reduce the famous city of San Francisco to ashes and smoking ruins, and caused the destruction of a million and a half of dollars. The Alta California says the fire originated in Denizen's Exchange, in the 2d story, at about 6 o'clock, on the morning of the 24th.

It was discovered by an inmate of the house and the alarm was communicated by a watchman in the Parker House, adjoining. Before water could be procured the blaze had reached the printed cotton ceiling, and streaming through the sides and ignited the tarred roof.

The morning was still, scarcely a breath severing the fiery volume. Then commenced the din of a thousand voices, the crash of property, giazing battered windows, the quick sharp sound of axes plied regularly in cutting incumbrous timbers, and yet above this the roar of the devouring element, which now wildly surged around the Parker House, to the North, anon sweeping furiously across the U. S. Resturant. Both the buildings were soon on fire, and as the blaze traversed the rear balcony of the former establishment dense clouds of smoke rolled from the doors and windows at either end, barely giving time to permit the escape of the occupants.

Portsmouth Square, in front of the burning building, was crowded with anxious spectators, when an alarm was created of stored powder in the Parker House. A stampede of 6000 human beings then added to the terrors of the spectacle.

The fire, after raging 6 hours, was finally checked by the free use of Powder after destroying all the buildings except the Delmonico Hotel on Portsmouth square and all on Wash ngton-street commencing at the Eldorado and running to Montgomery street.

The chief losses are Parkes House $200,000; Dennison's Exchange $42,000; Eldorado, Chambers & McCabe $78,000; Central House $15,000; Victor Lefévre's Store $50,000; City Hotel $30,000; Baltimore Restoran-$20,000; U. S. Restorant $37,000; Auction store of Jewett & Melland $30 000; J. Trenbody Washington st cost $2,000, Custe Washington-st. $20,000; Sorensen $50,000; Guerchard & Van Baren $45,000; S. W Hastings $12,000; and many others. The proprietor of the Parker House lose $3,000; in insurance.

A destruct ve fire took place in Stockton Dec. 24th, destroying $150,000 worth of property. The principal losers are Tupper & Buckingham; Gryson & Stevens; Elau, Porter Mehony & Co; Chapman & Crowell, and a colored man named Lane Benjamin. This man had accumulated a fortune of $30,000 by his own industry nearly the whole of this sum he had invested in a very large hotel, which was nearly completed. Its destruction has left him pennyless.

The Alta California says that a disturbance has taken place at the mines, on the Calaveras, between the Chilines and Americans. On the night of the 29th inst., a party of armed Chilinos, some 200, attacked an American camp at the Calaveras diggings, consisting of about 20 Americans. Three of the Americans were killed and three others severely wounded, and some 16 taken prisoners.

The Chilies is said they were acting under orders from the authorities and they took the wounded men and provisions in the direction of Stockton leaving the wounds of the unfortunate men to be dressed.

News of the affair had reached Stockton, causing much excitement, and an armed party of some 12 Americans had started in pursuit of the offenders, and it was supposed that many more would follow.

Our informant, in whom we have the greatest confidence, is apprehensive that this outrage will be the signal of a general outbreak between the Americans and foreigners in the mines. We confess we are not without the same fears, though we trust the Americans will only visit punishment on the real offenders.

The Message of Gov. Burnett recommends the total exclusion of free negroes from the State, on the ground that if allowed to immigrate they will form contracts in the southern States for one or more years with their masters, and thus be to all intents and purposes slaves.

He estimates the expenses of the State for the first year at $500,000.

The prospect for gold hunters, for next season, were considered very flattering. It is thought that a much greater amount would be taken out than there was the past year.

Gold digging had been mostly suspended for the season, and a great many persons were flocking into the towns.

Wages of common laborers were much lower, only from four to six dollars per day being paid. Mechanics, such as carpenters, masons, &c., command from 12 to $16 per day.

The country is overrun with printers.

Money is worth from 7 to 10 per cent per month.

Lumber is lower, cargo prices from $200 to $275 per M.

Bricks in demand at good prices.

Lime $16 per bbl.

Flour retails at $30 per bbl.

Mess Pork at $35 to $40.

Butter $1,30 per lb. Cheese $1,00.

Coarse short Boots were worth 17 to $32 pr pair at retail. Long Boots suitable for San Francisco street navigation brought from $50 to $60 per pair.

Seamen's wages for the rivers and bay was $100, per month. Foreign voyages $80 to $100.

The materials for the new paper at San Francisco had not arrived on 1st January.

Mr Crane had been seriously poisoned in the bushes about San Francisco but was recovering when Mr Rice left.

The Oregon met the propeller Hartford near Santa Barbara three days steam ng from San Francisco. She was then eleven months out from New York.

Deaths in California.

At Uba, Nov 12th, Miles M. Goodyear, aged 30, formerly of Hampden, Ct. In San Francisco Dec 26th, Wm O Herbert, late of Rowley, Mass, aged 21 years Dec 21 of Typhoid Fever, Mr Horace B Conant of Charlestown, Mass., aged 23. At San Francisco on the 18th inst, H. B. Evans of Boston aged 35.

The Placer Times says the citizens of Sacramento and vicinity, have for the two or three weeks past, been somewhat excited by a movement on the part of a large portion of the community who have taken upon themselves the responsibility of disputing the legality or genuineness of the title of Juo A Sutter to the lands in the neighborhood, which he originally obtained from the Mexican government; and having satisfied themselves on this point, have arrived at the conclusion, that they have equal rights to settle upon and occupy the lands, as those who presume to possess prior claims.

At the mission of Solores near San Francisco a number of persons have trespassed upon the public and private lands, and have even gone so far as to break up their lands with the plough, building fences upon them, putting up buildings or tents, driving stakes, and by other means putting the property in danger and greatly damaging it.

A petition signed by about thirty of the oldest inhabitants of the Mission, has been recently presented to the alcade of San Francisco, praying their interposition. Steps will undoubtedly be taken to put a stop to the outrages.

Much alarm is felt by the Californian residents of the Mission, particularly the females, on account of the reckless behavior of certain evil disposed persons who have recently arrived there.

THE WONDERFUL curative powers of Cod Liver Oil in all cases of Cough, Cold and Consumption, have been clearly demonstrated by the most experienced physicians in Europe and America. Its peculiar virtues are so widely too well known to need any description here. The nauseous and disgust which many people experience in swallowing the Oil in its usual form of administration is entirely obviated by the discovery of this mode of preparing it in the form of a most DELICIOUS CANDY, possessing and preserving all the medicinal qualities of the Pure Cod Liver Oil without its nauseous and repulsive taste. The powerful curat ve principle of the Oil being thus retained, and continued with other healing and invigorating ingredients, justly celebrated for their efficacy in the above mentioned complaints, forms one of the most soothing Cough Remedies, and remedial agents for staying the advance of Consumption that has ever been discovered. *This Candy* needs but a fair trial to convince the skeptical of its excellence. Public speakers and vocalists will find it an excellent article for removing obstruction from the throat and clearing the voice.

SCENE NEAR THE BANGOR HOUSE

A Southerner on a tour through Maine, arrives near the Bangor House, on a very disagreeable, Winter's day, shivering and shaking with cold.

ACT 1st.

Southerner—Can you tell me, stranger where I can obtain some relief, in the way of refreshments, for this cold which seems to penetrate my inmost vitals, and gives the palsy-stroke, and the quiver of the aspen leaf?

Citizen—Give up, sir, at once, all idea of partaking of beverages which lead directly, or remotely to inebriation. Instead of this, permit me to conduct you to the far-famed Oyster Saloon of GEORGE FARRINGTON, where a supply of his rich and unsurpassed Oyster Soups, all hot and fragrant-steaming, will speedily chase away the winter's chill, and send a delightful glow of pleasurable health, through the innumerable channels of your system, making you feel more than the master of kingdoms!

Southerner—Right, friend. Your poetical and philosophical prescription shall be observed. I yield myself to your guidance

Citizen—Here, sir, is the most popular establishment of our popular city. Walk in, your visit has been anticipated by our friend Farrington, and the glow of emphatic satisfaction is enthroned on his countenance. Try the prescription and you will soon be transformed into your former self

While you are enjoying the pleasurable titillations of the palate which these savory mixtures produce, allow me to say to you that you and all others, on visiting our city, should call at this Saloon for Oyster Soup, or if you prefer them in larger quantities, for home use, they may here be obtained of the best quality. Farrington keeps supplied with fresh and prime Oysters. His place, here, is at the East end of Kenduskeag Bridge, just two doors from John Low's, not new, but "Old Market," which is now known to be everlastingly solid, firm, and well established. Here the freshest Oysters and the most savoury and delicate Oyster Soups may be found, of any spot in all this broad land.

Dr J C Ayer Lowell—Dear Sir —Feeling under obligations to you for the restoration of my health, I send you a statement of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. PORTSMOUTH, Sept 2d 1849

Mr J. P Morse, Agent for "White's Hair Restorative"

Dear Sir—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative Several years ago, after a severe fit of sickness, my wife lost all of her hair, the scalp appeared diseased, and the hair grew out lean, and one year After a year ago, by another fit of sickness, she lost all her hair a second time, and for a long time there was apparently no action in the scalp After various applications I was induced to try the above named Restorative, and soon after the use of a few bottles her hair has grown as thick, as lustrous and of as beautiful a color as ever. Further more, for a long time I have been affected with neuralgia and other pains in my head, and I have found it the best natural remedy I have ever tried, I can therefore cheerfully recommend it to all who are afflicted as I have, as the best article I have ever seen.

Most respectfully yours, &c

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly cured by this extraordinary virtues

James Cumming, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not sit, stand or walk I had the almost at intervals pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than any one thousand dollars Within a good. I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours, respectfully,

JAMES CUMMINGS.

FITS! FITS! FITS!

Dr Townsend—Having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Northam, August 13, 1847

Dr. Townsend—Dear Sir I have a little girl seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought as she was in very delicate health, we would give her some of your Sarsaparilla, and am very glad we did, for I not only restored her strength, but she has had no return of the Fits, to our great joy and sure praise She is now becoming rugged and hearty, for which we feel grateful. Yours, respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent causes or causes produce any irregularity, illness, or necessity Nothing can be more surprising than its invigorating effects on the human frame Persons all weaknesses and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame which is the great cause of Barrenness—It will not be expected of us, in cases of delicate nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been cured in this city Thousands of cases where females have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO THE MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at that critical time This period *may be delayed for several years by using this medicine* Nor is it less valuable for those whose approaching womanhood period is calculated to assist nature by quickening the blood and invigorating the whole system Indeed we can recommend it for all the delicate diseases to which women are subject.

It forces the whole system, renews permanently the natural energy of the system—by removing the impurities of the blood, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weaknesses and disease By using the beautiful Cosmetic, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND DRUGGISTS

It is the safest and most efficacious medicine for purifying the system, and relieving the sufferings at confinement when child birth ever discovered. It strengthens both the mother and child, prevents pain and disease increases and enriches the food—those who have used it think it is indispensable It is high in usefulness before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Bad Labor, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate can it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Washes, and a variety of preparations generally in use, when applied to the face, very soon spoil its delicate beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by the use of powder, or the skin inflamed by the alkalies used in soaps, or antifices its own production in the "human face divine," as well as is the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and finishes of loveliness the all admire but none can describe This beauty is the offspring of nature—not of *powder or soap* If the is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complex ons, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, testimony than satisfied, are delighted Ladies of every station crowd our offices daily

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have copied our bills and circulars which tends to the complaints of females, word for word—other men who put up medicine have since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla is the perfect central over the most obstinate disease of the blood. Three persons cured in one house succeeded.

THREE CHILDREN.

Dr. Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with hard sores, I have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster-st.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided.

McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and limbs, Swelling of the Joints, or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore & Inflamed Breast, Weakness of Pains in the Stomach, Piles, Corns, Warts, and Common Sores and Cuts and Bruises of all kinds

In bringing these articles before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the *"most effectual"* and *"certain cures"* for all diseases indiscriminately, to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add, that we have unfolded the tale of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of persons friend and those who have experienced its wonderful medicinal and all healing properties

To say, indeed, that we do not expect to realize handsome remuneration for our services, would be disingenuous and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale,—the Public are receiving a full and ample equivalent

As we have already intimated, we do not and shall not call to our aid the empty "puffing of the Press" or the "bought certificates" of individuals and shall make use of them only so far as they have been, or hereafter may be, entirely *voluntary and unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the month of 1845 it commenced swelling from the ankle to the knee and I tried many remedies without success, I applied some Salve obtained of Mr A M McKenny, and continued its application until I had used six bottles, which entirely cured me and I have had no return of the disease since I would also say that I know the above Salve to be a cure for Corns, one of my family having used it for this purpose with complete success

DANIEL SLAVEY.

Dexter, (Maine) May, 1846.

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JONATH McKENNEY'S SALVE which effected an entire cure in less than two months SIMEON MARSTON.

BANGOR, June 5, 1846

Mr. McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, thinking been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction, that it was an invaluable article I also made application of it in cases of Cuts, Sprains and Bruises upon my cattle and found it equally beneficial It can truly be called the All Healing Salve

SCROFULA

If thousands of Cases of Scrofula Cancers Syphilis and Skin eruptions disease of the blood and of the very SMALL QUALITY which was used of a Medicine to effect Cures of such Diseases be any proof of the purifying medical power in the Medicine which has subdued and conquered such the was—then there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine in every respect, and there is abundant proof in proof. It can be affected that ONE BOTTLE of it contains more purifying, healing virtue and medical power than there is contained in *Four Bottles* of any *sarsaparilla* or any *other medicine* that has ever been offered for sale There is undoubted proof in our pamphlets that the use of this *great Indian Purifier* will by that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK SCROFULOUS and of a vile disease have been HEALED and CURED

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases, have *decided* that—

Brant's is the Cheapest,

because *One Bottle* of it has *more* medical curative matter in it and in consequence, cures *more disease* in much less time than *one bottle* of any other medicine

If, then *ONE Bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *sarsaparilla*—BRANT'S PURIFIER would be as *cheap as four dollars* is to attain at *sarsaparilla* at *one dollar* But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle and as a bottle of it has cured, and is *capable* of curing *four times* as much disease as *one bottle* of *sarsaparilla*, has, in consequence of its *four* power and *four* times of efficacy, should be sold at *no more* than *Twenty Five Cents* per bottle, to be as *cheap* as the Pint size at *One Dollar*

One Dollar's Worth!

HAS CANCER—how much SYPHILIS—how much SCROFULA—will *One Dollar's worth of Brant's PURIFIER* cure Read the following statement, which is a specimen of its power

CANCEROUS SCROFULA!

This is the case of a *Dying man* who *yet lives* *It was cured!* of a worse case of scrofula by only *Four Bottles* of a third of little than even was cured by the use of *Twelve Bottles* of the *best sarsaparilla* that was ever made—this *sarsaparilla* has *still least medical power* to effect the cure of such a *seemingly hopeless* case

Mr J B HASKIN of Boston Co. N Y had scrofula *many years*—was confined to bed of the *last year* In winter time he could not walk and debilitated so far he could not bend to sit down He had the *best* medical advice but used all of the *best sarsaparillas* in vain the disease grew worse and worse and was confined to bed *Dying state* and could not *bear twenty four hours* rest without a constant rubbing BRANT'S PURIFIER Has one bottle *entirely* cured the disease which was *deep* seated in the *throat* and *windpipe* under his chin so that he could through the *hole* in his throat was so *large* that he could *be heard* by out of his place It only holding by a small piece of the *skin* of the throat Yet Dr. Chase in Chase's Office said the *cure* was *perfect* and *lasting* *often* upon his visit *into his house* Thus was detected with particulars, see *Pamphlets*

Dock Prince WILLIAMS one of the most rich Planters of Rome was called to see Hasskin the *day before* he commenced using *Brant's Purifier* Dr Williams told him and then told him that *all the medicine in the world could not cure him*—that his case was

Worse than Hopeless!

Now hear Mr HASKIN's statement of facts

My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*—THE BOTTLE enabled me to *get out of the bed* and the SECOND bottle enabled me to *get out of the house* and continued me to walk *two miles*, and when I had finished using *Nine Bottles* of it I was cured out of *Twenty Three* had DEALED UP and *three bottles* more cleared the surface and restored me to *good health*

FOURTEEN WITNESSES!

The above case was witnessed by Mr THOMPSON WILLIAMS Mr G R BROWN of *Brant's Hotel* Mess BISSELL & LEONARD Druggists and FIFTEEN other *respectable witnesses* see *Pamphlets*

CANCERS CURED.

Mr O B KINNEY, merchant, *Clinton Oneida county*, N Y, informed us that a cancer was cured by using Brant's efficacious wonderful cures of *CANCERS* through the agency of BRANT'S PURIFYING EXTRACT A *cancer doctor* in Oneida county N Y, in his online and Pamphlet A B BUTLER druggist, at Canajoharie, Montgomery county N Y has informed us of an important cure of a CANCER of long standing, which was effected in one bottle of that great Medicine, the PURIFIER *cures Cancers* by its purifying healing power, what impure disease of the blood can it not cure! Seeing years and experience and triumph says there are none but what it will cure

FEVER-SORE CURED.

The Rev RICLARD DUNNING, Pastor of the Presbyterian church, Ava Oneida County, N Y, wrote to us "I have just received a letter from Mr CHANNEY DUNN relative to the cure of his Fever sore You may depend upon what he says, for he is a Christian man and an elder in the church Some years since he had to have one of his legs cut off, to save his life in consequence of a fever sore The other leg now affected and about to be amputated I recommended BRANT'S MEDICINE Had the result He says *I have used only THREE BOTTLES OF BRANT'S VEGETABLE PURIFYING EXTRACT, for general cleansing, in that Medicine*, and I can now say that, with the blessing of God, *it has effected a cure of my leg*" See Pamphlets for full particulars

LIVER-COMPLAINT!

DR NATHAN HUBBARD, of *Stamford, Conn*, one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured by using* BRANT'S PURIFYING EXTRACT We could name hundreds of other cases, also cured

FEMALE WEAKNESSES & COMPLANTS.

No remedy offered to the public has ever been *half so certain and effectual in restoring* ALL the incidental *weaknesses and irregularities* of the sex, as BRANT'S PURIFIER

Mark the difference whether the derangement be *suppression excess* or *other weakness*—It REGULATES ALL, *by strengthening* the SYSTEM, *equalizing* the CIRCULATION and *soothing and allaying* NEVOUS IRRITABILITY See Pamphlets

CHANGE OF LIFE,

from the *girl* to the *woman*, and in a *woman at middle age*—the one case is *accidental* and the other *periodically expected* and *dreaded* as the *fatal diseases* that frequently arise in consequence of such change

I AM T WALLACE & CO—*Gentlemen*: I was for more than a year, afflicted with a disease of the stomach I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually affected with a sour stomach I, as an experiment, tried one bottle of BRANT'S MEDICINE, which to my utter disappointment, *actually relieved me in half an hour after eating* I therefore used a second bottle which has completely cured the disease I am now well and hearty, and can eat almost anything without being in pain, or the stomach becoming sour
